So Common Council concurred.

Mr. Horr presented the following:

After having voted for several amendments offered to-day on the above bill, I cast my vote for the bill because I have for years been willing to vote for what I believe to be for the best interest of Philadelphia.

R. CORTLAND HORR.

Mr. Davis presented the following:

We vote aye on this bill not because we think it perfect in all its provisions, but because we believe it to be the only practicable method under which a subway can be constructed.

ELWOOD S. DAVIS,
ROBERT T. CORSON.

Mr. Armstrong presented the following:

We voted no on subway bill because we believe a much better bargain for the City could be made, with the City having the privilege to buy in subsidiary companies at cost of construction, as per their original charters, and further, at their option to order all trolley wires underground, they will be in position to force a subway under more favorable conditions. We are in favor of a subway and all improvements, but feel the City should be adequately protected and fully compensated.

THOS. F. ARMSTRONG,
JAMES THOMPSON.
JOHN R. McLEAN, Jr.,

My reasons for voting for the Market Street Subway are:

1st. That Market street will not be disfigured by an elevated track and the long litigation for damages will be avoided.

The New York elevated roads have deteriorated property all along their lines and when the final decision of the courts is had the damages will be heavy.

2d. The cost of this Market Street Subway will be much more than estimated, owing to a bed of quicksand underlying the City. This quicksand was met in the foundation of the City Hall tower, at Tatham Bros.' Lead Works, The Philadelphia Sugar Refinery, Laurel Street Sewer, and in the Shackamaxon Street Sewer, along the line of the latter sewer, where it has been finished, the houses have settled.

3d. The damage to life and limb, in crossing the streets, will be avoided.

4th. If the Subway is loaded down with too much cost an elevated structure will be erected.

5th. If this Subway is properly assessed on its cost, the City will derive a handsome revenue from it.

The old City of Buda Pesth, Hungary, built an electric subway eight years ago for passenger traffic. A personal examination of it showed it to be a great success.

JOHN M. HARTMAN.

Mr. Costello moved to proceed to second reading of bill (Appendix No. 200) entitled "An Ordinance to make additional appropriations in the annual appropriations to the Commissioners of Fairmount Park, Department of Public Works (Bureau of Street Cleaning), Receiver of Taxes, Clerks of Councils and Board of Public Education, and to authorize a certain transfer in the annual appropriation to the Board of Public Education for the year 1902."

Law Department, to Item 6, for miscellaneous expenses, etc., six thousand four hundred (6,400) dollars; to Item 11, for examining and copying old records, etc., three thousand six hundred (3,600) dollars." Department of Charities and Correction (Bureau of Charities), from Item 35, for the purchase of sites, etc., one hundred and one thousand five hundred (101,500) dollars, to the following: To the Department of Public Works (Bureau of Lighting), to Item 1, for salaries, to pay salaries of clerk and three (3) night inspectors at the rate of one thousand (1,000) dollars per annum, each, from March 14, 1902, as specified in Section 1 of ordinance approved February 27, 1902, three thousand three hundred (3,300) dollars; to Item 2, for keep of horses and carriages for three night inspectors, four hundred (400) dollars each per annum, from March 14, 1902, as specified in Section 1 of ordinance approved February 27, 1902, nine hundred and seventy-five (975) dollars; (Bureau of Highways) to Item 4, for repairing and maintaining unpaved streets, etc. (for macadamized streets), one hundred and fifty-two thousand five hundred (152,500) dollars."

MY DEAR SIR:—I am directed by the Board of Health to transmit to you a copy of the resolution passed this day.

APPENDIX No. 4.

OFFICE OF THE MAYOR.

Philadelphia, October 2, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Works, accompanied by the draft of an ordinance, to prohibit the erection of porches beyond the building line of the streets or highways of the City.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 1, 1901.

HON. SAMUEL H. ASHBRIDGE,
Mayor of Philadelphia.

DEAR SIR:—The erection of porches beyond the established building line of streets has so increased within the past year, that we consider it advisable to have legislation enacted to prevent this encroachment upon the streets.

This matter has been thoroughly gone over by Mr. George S. Webster, Chief Engineer of Bureau of Surveys, in conference with the Surveyors of the several districts, and as a result thereof an ordinance has been drafted, a copy of which is herewith enclosed.

The streets of the City of Philadelphia are not any too wide for the requirements of the public, and the encroachment of porches upon the highways is, in many cases, a serious detriment.

I would therefore respectfully recommend that you transmit enclosed ordinance to Councils.

Yours respectfully,

WM. C. HADDOCK,
Director.

AN ORDINANCE

To prohibit the erection of porches beyond the building line of the streets or highways of the City, declaring such porches to be a nuisance, providing a penalty for the erection thereof, and providing for the collection of the cost of removal.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance, it shall be unlawful to erect any porch projecting beyond the building line upon any of the public streets or highways of the City, and any porch so erected after this date, is hereby declared a nuisance.

SECT. 2. Any person who shall construct or begin the construction of any porch in violation of this ordinance shall forfeit and pay to the City of Philadelphia the sum of fifty (50) dollars for each offense, and shall be required to remove said porch and replace the street in its proper condition.

SECT. 3. If the said person or persons shall neglect or refuse to remove such porch and replace the street in proper condition, as set forth, within ten days from the date of notice from the Department of Public Works, then and in that case the said Department is hereby authorized and directed to have the said work done and the bill for same presented for payment to the owner or owners in front of whose properties said porch is constructed or attempted to be constructed, and in the event of said owner or owners refusing to pay said bill within ten days from the date thereof, the contractor who did the work shall be paid out of the item for emergencies in the annual appropriation to the Bureau of Highways, and the bill shall be transmitted to the City Solicitor to collect by lien from the owner or owners against whom the work has been charged.

SECT. 4. The penalty herein mentioned shall be sued for and recovered in the manner as penalties for violation are by law sued for and recovered.

SECT. 5. So much of Section 11 of Ordinance of September, 23, 1864, as permits the erection of porches, and all ordinances or parts of ordinances inconsistent herewith be and the same are hereby repealed.

APPENDIX No. 5.

These additional amounts are absolutely necessary to carry to a completion the work of the various Bureaus for the current year. Prompt action is especially necessary in the case of the Bureau of Water, where the item for wages is now entirely exhausted.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

HON. SAMUEL H. ASHBRIDGE,
Mayor of Philadelphia.

APPENDIX No. 6.

OFFICE OF THE MAYOR.

Philadelphia, October 2, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of

Public Works, in relation to the substitution for the present twenty candle-power gasoline lamps, a sixty candle-power lamp. He has received a report from the Bureau of Lighting to the effect that a sufficient number of need-less gasoline lamps can be abandoned to meet the cost of the improved service. In order to make this change, which I believe will be of great advantage to the public, an ordinance authorizing the same is necessary. A draft of an ordinance for this purpose accompanies this message. I would ask that prompt action be taken in the matter.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 1, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of Philadelphia.

DEAR SIR:—In accordance with your instructions of July 3, 1901, I had Chief Kirk, of the Bureau of Lighting, take up with the Pennsylvania Globe Gas light Co., the relocation and abandonment of a sufficient number of the present twenty (20) candle-power gasoline lamps to permit of the introduction of the new pattern sixty (60) candle-power lamp, so that the number abandoned would about make up for the increased cost of the modern lamp.

Mr. Kirk was instructed to confine his work to lamps used on highways. The work has been completed, and Chief Kirk reports having visited 7,978 lamps located in roads and streets, and of this number he recommends that 2,199 be abandoned, and that of the number remaining, 5,363 lamps, be lighted with the improved incandescent burner and 416 with the plate burner, as at present.

The total number of lamps in the City is	14,354
Number recommended to be abandoned.....	2,199

Leaving	12,155
----------------	--------

Improved incandescent lamps located	5,363
Plate burners remaining	6,792
The cost of 14,354 plate burners at \$21 per lamp per year	\$301,434 00
Cost of 5,363 improved lamps at \$29.50 per lamp per year.....	\$158,208 50
Cost of 6,792 plate burners at \$21 per lamp per year	142,632 00
	<hr/>
	\$300,840 50
Amount saved in cost.....	\$593 50

The total candle-power of the 14,354 plate gasoline lamps as now used is 278,080. As rearranged, the total candle-power will be 457,620, making an increase of candle-power of 170,540, about 60 per cent., at a less cost than that now paid for the lesser candle-power.

In order to make this change in the locations of the lamps, it will be necessary for Councils to pass an ordinance authorizing the Director of the Department of Public Works to relocate and abandon such lamps as may be necessary, that the cost of the lamps of higher candle-power and the remaining lamps of lower candle-power shall be kept within the amount appropriated for the year 1901.

I submit herewith draft of ordinance to that effect.

May I request, if the ordinance meets with your approval, that you forward same to Councils and ask for early action, as it will take all the time from now until the first of January to make the changes.

Yours respectfully,

WM. C. HADDOCK,
Director.

AN ORDINANCE

To authorize the re-location of gasoline lamps.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works is hereby authorized to relocate and abandon such number of gasoline lamps now

in use as shall permit of the introduction of incandescent gasoline lamps of sixty (60) candle-power: *Provided*, That the cost of lighting shall not exceed the amount appropriated for the year 1901.

APPENDIX No. 7.

OFFICE OF THE MAYOR.

Philadelphia, October 2, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith, the draft of an ordinance approved by the Board of Highway Supervisors at a meeting held on the twelfth instant, regulating the construction of vaults under the streets of the City and to provide for the enforcement of such regulations, and to ask that you refer the same to the proper committee.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

AN ORDINANCE

To regulate the construction of vaults under the streets of the City and to provide for the enforcement of such regulations.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That on and after the passage of this ordinance it shall be unlawful to erect or construct any vault under the sidewalks of the streets of the City of Philadelphia, unless the outside top of said vault shall be at least four (4) feet below the established grade of the sidewalks over the same.

SECT. 2. Any person or persons who shall erect or construct or begin the erection or construction of any vault under the streets of the City of Philadelphia, in violation of this ordinance, shall forfeit and pay the sum of one hundred (100) dollars for each offence, and a further sum of twenty-five (25) dollars per day for each day the said vault is permitted to remain after notice from the Department of Public Works (Bureau of Highways) to remove the same and restore the street to its proper condition.

SECT. 3. The penalty herein mentioned shall be sued for and recovered in the manner that penalties for violation of an ordinance are by law sued for and recovered. All ordinances or parts of ordinances inconsistent herewith be and the same are hereby repealed.

APPENDIX No. 8.

OFFICE OF THE MAYOR.

Philadelphia, October 2, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith, a communication from the City Treasurer, calling attention to the fact that no provision has been made for the disposition of interest arising from the contractors' account fund in his charge. I would ask that the matter be properly referred, so that legislation for this purpose may be formulated.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

Philadelphia, July 3, 1901.

HON. SAMUEL H. ASHBRIDGE,
Mayor of the City of Philadelphia.

DEAR SIR:—On entering the office of City Treasurer, I deemed it proper to separate certain special funds from the regular City Fund, including the contractor's ten per cent. deposits to protect the City against default on public work.

A special account of these ten per cent. deposits was made called the "Contractor's account," it being stipulated by me that interest should be paid thereon at the same rate as is fixed by law for the City Fund, to wit: two per cent.

On the first half-yearly settlement, June 30, the interest on this "Contractor's account" amounted to nine hundred and eleven (911) dollars and forty-eight (48) cents.

Having thus demonstrated an earning power in the "Contractor's account," the question of the disposition of the increment arises. To whom does it belong and to whom shall I make payment? The City Fund earnings are provided for by Ordinance of April 9, 1892; the Sinking Fund earns interest under resolution of the Commissioners, and the Girard and Minor Trusts under the direction of the Board of City Trusts.

The "Contractor's account," therefore, is the only remaining account under City supervision in my hands for which lawful enactment as to increment is not provided. The interests, both of City and contractors, should be protected, and the Treasurer should also be relieved of responsibility or temptation by an ordinance designating the disposition to be made of the earnings mentioned.

I therefore respectfully lay the matter before you for presentation to Councils, if in your judgment it seems proper so to do.

Very truly yours,

J. HAMPTON MOORE.

City Treasurer.

APPENDIX No. 9.

Philadelphia, August 1, 1901.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—In accordance with the provisions of the Act of Assembly approved June 11, 1879, I herewith forward a detailed statement of the estimated receipts, expenditures and liabilities of every kind for the next fiscal year from January 1, 1902, and for the months of the current year from August 1, 1901; to which have been added the usual calculations for the tax rate made in conformity with the directions of the first section of said Act.

This includes the amount receivable from the tax rate for 1902 as fixed by your Honorable Bodies July 27, 1901, at \$1.85 per \$100, and the rate \$2.56 that would be necessary for that year to yield sufficient to give to the Departments the full amount asked for, the latter amounting in the aggregate to \$32,097,223.08.

The amount deducted from the gross yield includes all lawful obligations, consisting of interest on funded debt, twenty-third series of four per cent. loan, third series of three per cent. loan of April 1, 1890, first series of the \$1,000,000 loan of September 16, 1892, Sinking Fund, estimated interest on new loans, mandamuses, and temporary loan making a total to deduct before setting aside the amount for the consideration of the Departments of \$6,319,739.83.

I would respectfully report that the customary careful analysis has been made of the estimated receipts submitted by the various Departments and Bureaus to this Department for transmission to Councils, and where an increase of receipts anticipated by them for the coming year was apparently excessive, they have been reduced to conform to the usual five years' average of receipts of that particular Department.

FUNDED DEBT.

The gross funded debt on January 1, 1901, was \$54,-919,595.22. On August 1, 1901, it was \$52,793,995.22,

a decrease of \$2,125,600, due to the payment of loans maturing July 1, 1901. The net debt which on January 1 was \$42,651,545.22, is now, by reason of the large cash balance in the Sinking Fund of \$1,437,632.84, but \$38,755,312.38, a reduction to August 1 of \$3,896,232.84.

The large cash balance in the Sinking Fund referred to here is caused by the rapid accumulation from the annual appropriations required by law to meet loans created since January 16, 1897, and which are now known as Sinking Fund loans.

These loans, unlike the former serial loans, are, of course, not paid in series at maturity by direct appropriation, but being exclusively Sinking Fund loans the appropriation towards their retirement, as well as the interest due on them, rapidly increases the cash balance in the hands of the Commission. This balance has also been recently augmented by the sale of the Ninth Ward Gas Works property, the net proceeds of which, amounting to \$459,088, reverted to the Sinking Fund.

This leaves a net sum, from the tax rate as provided for, of \$20,061,205.80 for the needs of the various departments in 1902, or \$105,988.96 less than the net amount shown on August 1 last for appropriation to the departments for 1901.

VALUATION OF TAXABLE PROPERTY.

The estimated assessed valuation of real estate for taxation in 1902, as reported by the Board of Revision of Taxes, shows a marked decrease as compared with the average annual increase from this source for the past twenty years.

From 1881 to 1901 the average annual increase was \$17,547,992.25, while that reported for taxation in the coming year is but \$6,380,690, a falling off of \$11,167,302, due to a reduction or re-adjustment of valuations by the Board of Revision of Taxes since their last estimated return to this Department August 1, 1900, for taxation in 1901. As this great discrepancy would yield at \$1.85 over \$200,000 additional to appropriate for the use of the Departments, the reduced figures reported in the foregoing statement for appropriation for 1902 can readily be accounted for.

MANDAMUS.

The decrease in the payments of writs by mandamus execution from that of the corresponding period of 1900 amounts to \$134,027.08. It will be observed in the itemized list of payments herewith submitted that notwithstanding the large appropriations annually made for the maintenance and improvement of Fairmount Park, there is a further demand by mandamus upon the City in the condemnation of property towards increasing the Park area.

The drain upon the current moneys in this manner without the concurrence of your Honorable Bodies and which has reached within three years the sum of \$250,000 for the continued extension of the Park, has never been taken into consideration, either by this Department or the Finance Committee, when estimating the probable outgo by mandamus, therefore this state of uncertainty ought to be avoided by the Park Commission making provision in advance for any additional ground they seek to acquire.

The following list embraces all payments by mandamus between January 1 and August 1 of this year.

Opening and widening of streets and changes of grade	\$478,511 96
Condemnation of property as follows:	
Extension of Fairmount Park	37,079 32

	<hr/>
	\$750,047 67

In view of the decreased payments shown thus far for 1901, I have not added anything to the sum set aside January 1 last to meet mandamus executions deeming the amount named at that time sufficient to pay all demands from this source upon the Treasurer to December 31 next.

STATE MONEYS.

The amount of Personal Property Tax for 1901 of \$910,000, and that for schools of \$772,071.59, amounting in all to \$1,682,071.59, has been placed among the estimated receipts prior to December 31, next, which amount, it is presumed, will be received from the State authorities before the close of the fiscal year.

UNITED GAS IMPROVEMENT COMPANY.

I am pleased to report a continued increase in the receipts to the City from the sale of Gas under the lease

made to this company. A comparison of the two quarters to June 30 for the past three years exhibit the following payments reported to this Department:

PENNSYLVANIA AVENUE SUBWAY.

There is a small balance of the amount negotiated of this loan, some \$45,000, to meet claims against the City for damages to property, etc., still remaining to the credit of the Subway on the books of this Department, otherwise this most desirable improvement can be said to have been practically completed, and at a less cost than estimated when the loan of \$6,000,000 was created for this work April 4, 1894. Probably not more than \$5,400,000 will be required, the remaining two series, “S” and “T,” of \$300,000 each not being needed will, therefore, not be negotiated.

It is gratifying to state that the results of the year 1901 to August 1, showing actual receipts to that date, and the estimated receipts to December 31, leave an estimated surplus of \$106,207.70. This may be somewhat increased when the year’s business is closed, as determined when the results of the last year’s books were obtained upon January 1, 1901, at which time a surplus of \$64,686.73 was added to the unappropriated balance for the use of the Finance Committee and since appropriated for urgent and pressing needs.

Very respectfully,

Your obedient servant,

JOHN M. WALTON,

City Controller.

Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Huntingdon, Thirty-ninth, Forty-seventh, Fiftieth and Fifty-first streets and Springfield avenue, beg leave to report that Huntingdon street, from Twenty-seventh to Twenty-eighth street is all opened excepting about seventy-five feet, for which no owner can be found. A public school is on one side of the street. No possible damage can arise. The opening is desired in order that the street may be paved.

The owners of property on Thirty-ninth street, with one exception, are willing to dedicate. The owners of this property, residing in New York refuse to do anything. As no improved property is taken the damage if any ought to be small.

Forty-seventh street is opened excepting a distance of forty feet south of Locust street. It is necessary to open this forty feet in order that street improvements may be made in front of a public school.

The ground through which Fiftieth street, from Race to Haverford street will pass is entirely unimproved. The damages by reason of the opening ought not to exceed fifteen hundred (1,500) dollars.

The opening of Fifty-first street is intended to provide a connecting street along the Pennsylvania Railroad. No damage should be assessed by reason of this opening.

The portion of Springfield avenue to be opened is a distance of about one-quarter of a block. As no improved

property is built on the street, and as the opening will provide an outlet, no damage should be assessed.

Your Committee believes that the opening of all of these streets are for the public benefit, and therefore report the ordinance with a favorable recommendation.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of that portion of City plan No. 154 bounded by Eleventh street, Tioga street and Rising Sun avenue,” beg leave to report that the object of the revision is to include as intersection a small triangular piece of ground bounded by the above named streets, the said ground being of such size and shape as to make its value less than the cost of the municipal improvements surrounding it. APPENDIX No. 30.

Philadelphia, October 17, 1901.

Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of Mansion street, from Gay to Levering street, and Gay street, from Fleming to Silverwood street,” beg leave to report that the grade of Mansion street, as fixed on the City plan, does not conform to the grade existing on the ground. The street is fully improved and has been for many years. The grading of the street to the established grade will cause damage which can be avoided by the revision.

Gay street, between Fleming and Silverwood streets is laid upon a side hill; while the present established grade fits the properties on one side of the street it does great damage to those on the other. It is possible to fix the grade so as to benefit both sides without doing any appreciable damage. We therefore report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Chas. B. Barton, Bennett L. Smedley, Chas. H. Johnson, Jas. M. Hazlett, Geo. B. Edwards, Sam'l Crothers, James A. Briggs, Sam'l K. Stinger, Jos. M. Adams, H. J. Trainer, Geo. W. Sunderland, Chas. Seger, Alexander Crow, Jr.

APPENDIX No. 32.

Philadelphia, October 17, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the revision of the lines and grades of Wissahickon avenue, from Rittenhouse to Johnson street and from Philhellena street to Allen’s lane,” beg leave to report that such revision is contemplated as will revise the present plan grades to conform more nearly with the grades of the avenue as macadamized and as will increase the width of the thoroughfare from fifty to sixty feet. The increase in width does not disturb any building and is through a section suburban. The widening can be made gradually as developments are made and with little or no cost to the City. The width is also made to conform with other portions of the avenue already on the plan as sixty feet wide. We therefore report the ordinance with a favorable recommendation.

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of Crefeld street, from Willow Grove avenue to Springfield avenue, in the Twenty-second Ward of the City of Philadelphia, respectfully report:

That after due service of notice upon the registered owners of property along the line of said Crefeld street, from Willow Grove avenue to Springfield avenue, proof of which is on file in your Honorable Court, the viewers held their first meeting on May 20, 1901, at 2 o'clock P. M., in Room 571, City Hall. At this meeting the following viewers were present: Ezra Lukens, J. Redman Coxe, Joseph P. Mumford, John R. Morris, Richard G. Oellers, Jr., and Meredith Leach. At this meeting each viewer was first sworn or affirmed on his *voir dire* by one of their number and examined touching his competency to serve as a viewer in this proceeding. merly Twenty-eighth) street, from Willow Grove avenue to Springfield avenue, in the Twenty-second Ward of the City of Philadelphia, faithfully, impartially, and according to the best of his judgment. The viewers then organized by electing Ezra Lukens, foreman, and J. Redman Coxe, secretary. The petition for the appointment of the jury was then read, and the official plan produced for the use of the jury. Said plan is filed with this report. The viewers then adjourned to May 23, 1901, at 9 o'clock A. M. to meet on the premises affected by the opening of Crefeld street aforesaid. At said view all the viewers were present.

That subsequent meetings were held for the purpose of taking testimony, hearing arguments of counsel, review, and consultation, on May 27, June 3, 5, 10, 12, 17, 19, 24, 26, 28, July 1, 3, 5, 8, 10 and 11, 1901. At some or all of these meetings the viewers were attended by Jesse S. Shepard and Charles E. Pancoast, Esqs., of counsel for Peter Lightcap; Edmund G. Hamersly, Esq., for Wilbert Schoek; Clarence J. Buckman and William Hopple, Jr., Esqs., for the estate of John Reinhart. Frank J. Reinhart and George A. Reinhart also were present at the meeting held on June 26, 1901. John H. M., in Room 571, City Hall, for the purpose of hearing exceptions and evidence as to the assessment of benefits.

On the 29th day of July, 1901, the jury met in pursuance of said notice, being attended by Bernard J. O'Connell, Esq., counsel for Benjamin DeHaven, Benjamin DeHaven in person; John K. McCarthy, Esq., for Archibald M. Lawson, Archibald M. Lawson in person; Clarence Buckman, Esq., for George A. Reinhart, Mary A. and Elizabeth Reinhart, parties assessed with benefits; John H. And now, therefore, after a faithful and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said Crefeld (formerly Twenty-eighth) street, from Willow Grove avenue to Springfield avenue, is to be physically opened pursuant to Ordinance of April 4, 1900, and considering as well the advantages and disadvantages to each and every one of the property owners affected by the aforesaid opening, the jury do find and award the following damages, including physical grading to the established grade regulation:

The three months' notice from the Department of Public Works to the property owners through and over whose land said Crefeld street is to pass, was served on said owners on May 23, 1900, notifying them that their land lying in the lines of the aforesaid Crefeld street would,

at the expiration of three months from the date of the aforesaid notice, be required for public use. That at the expiration of said three months' notice the title to the property at the northwest corner of Crefeld street and Springfield avenue, marked "Gilbert Schock" on the jury plan filed with this report, was not in Wilbert Schock to whom the award of \$350 is made in these proceedings, but was in John J. REPORT OF JURY.

Filed October 23, 1901.

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of the said street, respectfully report:

That after due notice the jurors met at Room 381, City Hall, on June 26, 1901, for organization. All of the jurors were present at this meeting. That at this meeting, to wit, June 26, 1901, the jury organized by electing William Thornton, foreman; after which the petition was read to the jury, and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered owners and tenants was also filed with the jury, and is now a matter of record.

That at this meeting, to wit: June 26, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Clarissa street, from Nicetown lane to the Richmond Branch of the Philadelphia and Reading Railroad, impartially and according to their best judgment.

That the jury then adjourned to July 2, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That at the meeting held on July 26, 1901, and at subsequent meetings, the jury was attended by the following counsel representing property owners and tenants along the line of the said street: Thomas Wagner, Jr., Esq., for the petitioner, William Geggenheimer; Henry R. Hatfield, Esq., for Walter Hatfield and Henry R. Hatfield; George E. Fili, Esq., Assistant City Solicitor, for the City of Philadelphia. These were the only claimants for damages.

That the jurors subsequently met for the purposes of their appointment, to wit: hearing testimony, reviewing, and arguments of counsel on the following days: July 19, September 9, 16, 23, 30, October 3, 8, 10, 15, 17 and 18, 1901.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their respective names:

To William Geggenheimer.....	\$12,854
To Henry R. Hatfield, et al.....	1,000

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of Clarissa street, from Nicetown lane to Richmond Branch of the Philadelphia and Reading Railroad, and that therefore the whole amount of the awards as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

LAW DEPARTMENT.

Philadelphia, April 15, 1900.

JOHN L. BOWERS, Esq.,

Commander, Philadelphia Brigade Association.

DEAR SIR:—To your letter regarding the proposal to convey to the City of Philadelphia a plot of ground containing about eleven (11) acres upon the battlefield of Antietam, on which is erected a monument commemorating the part taken by the Philadelphia Brigade in that battle. I reply as follows:

As I understand it the facts appear to be that the Philadelphia Brigade is the owner of this lot in question and have erected thereon the said monument at a cost of about \$15,000; that the title to such real estate is now in the names of four trustees, who propose to convey the same, without consideration, to the corporate authorities of the City of Philadelphia, the property to be maintained by the City in honor of the event which it was erected to commemorate, the cost of such maintenance being about \$25 or \$30 per year.

Whether or not the City shall take title to this property

is a question to be determined solely by Councils. If they consent to the conveyance thereof to the City of Philadelphia, I am of the opinion that there is no legal objection to their doing so.

REPORT OF VIEWERS.

(Filed Nov. 11, 1901.)

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the widening of Walnut street in front of premises No. 1105 Walnut street, in the Eighth Ward of the City of Philadelphia, respectfully report:

That after due notice the following viewers, viz.: George Morgan, P. E. Carroll, Samuel R. Dubbs, C. J. Hauger, Charles P. Murray and William Conners, met on the thirteenth day of October, 1901, at 10 o'clock A. M., in Room 571, City Hall, Philadelphia, for organization. The viewers at this and subsequent meetings, held for view, hearing testimony and arguments of counsel, were attended by George P. Rich, Esq., and Oscar B. Teller, Esq., counsel for Benjamin F. Teller, Horace Loeb, Oscar B. Teller and Benjamin F. Teller, executors of and trustees under the last will and testament of Joseph R. Teller, deceased; John H. Maurer, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That at said meeting held on the 13th day of October, 1901, all of the undersigned were sworn or affirmed by one of their number on their *voir dire* and examined touching their capacity to serve as viewers in this proceeding. Each of them was found to be disinterested, competent, and in all respects duly qualified to serve. The viewers were then severally sworn or affirmed to perform their duties as viewers in this matter, faithfully, justly, impar-

tially, and according to their best judgment. The viewers organized by electing George Morgan, foreman, and Charles P. Murray, secretary. The petition for appointment of viewers was read, and official plan produced, which is filed with this report. The viewers then adjourned to meet on the premises affected on Thursday, October 17, 1901, at 4 o'clock P. M., for the purpose of viewing the same. All of the viewers attended at this view.

That subsequent meetings of the viewers were held on October 21, 25, 28, 31; November 1, 2, and 3, 1901, for hearing testimony, arguments of counsel, review and consultation and preparing report.

That the property of said petitioner and claimants which is affected by the aforesaid widening of Walnut street, is described as appears in the petition for appointment of viewers, in this matter, filed in your Honorable Court. That in conformity with the Ordinance of Councils of the City of Philadelphia approved June 30, 1892, and its supplements, the said property receded to the new north building line of Walnut street in the spring of 1901.

That prior to said recession there was erected upon said lot of ground a three-story brick dwelling, having a step at the east and extending into the pavement about 5 feet 8 inches, and an area way along the house front 3 feet wide and extending from east to west about 8 feet leading into the basement, entrance to which was under the steps. The present building erected on the new line has a new front and is a store with basement store. There is a step on the east and extending into the pavement 5 feet 2 inches, and an area way 2 feet 8 inches wide extending from east to west across the entire width of the lot, that is, 20 feet.

The claimants asked compensation for re-surfacing the party walls of the properties to the east and west of No. 1105 Walnut street, also for repairing sidewalk which was torn up by claimants' contractor in making alterations on the front and necessitated by the taking away of old area-way and building the new one. Claim was also made for the value of the ground lost by the recession.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a

careful view and review of the lines and grades to which said Walnut street has been widened, and considering as well the advantages and disadvantages to the property of the petitioners, Benjamin F. Teller, Oscar Loeb, Oscar B. Teller and Benjamin F. Teller, executors and trustees under the last will and testament of Joseph R. Teller, deceased, No. 1105 Walnut street, the viewers find that the petitioners have suffered damage to said property by reason of aforesaid widening, as follows:

For refacing party walls.....	\$226 60
For repairing pavement.....	20 00
For retaining wall of area way.....	67 20
For ground taken	752 00
Total	<u>\$1,065 80</u>

The viewers award said sum of one thousand and sixty-five (1,065) dollars and eighty (80) cents to said petitioners for said widening, and direct that said amount be paid by the City of Philadelphia. The viewers assess no benefits.

All of which is respectfully submitted.

Samuel R. Dubbs,
George Morgan,
P. E. Carroll,

Wm. E. Connor,
Chas. J. Hauger,
Charles P. Murry.

IN THE COURT OF QUARTER SESSIONS OF PHILADELPHIA COUNTY.

In the matter of the division of the Twenty-second Ward.

REPORT OF COMMISSIONERS.

To the Honorable the Judges of the said Court:

The Commissioners appointed by your Honorable Court pursuant to a Petition filed and hereto annexed and marked "Exhibit A," to take into consideration the advisability of dividing the Twenty-second Ward, beg leave to submit thereon the following report:

Pursuant to notice, the Commissioners met for organization on August 20, 1901, in the DeLong Building, at the S. E. Cor. Thirteenth and Chestnut streets.

Jesse S. Shepard, Esq., and H. Gilbert Cassidy, Esq., Attorneys for the Petitioners, were also present.

After the Commissioners were duly qualified, they elected John W. Brooks, Chairman, and Horace D. Gaw, Esq., Secretary of the Commissioners.

The Secretary procured a map or draft of the Ward, hereunto attached, marked "Exhibit B," and made part hereof, same being the official map of the Ward, used by the Board of Revision of Taxes.

The Commissioners also met on August 22, 1901, when Jesse S. Shepard, Esq., and H. Gilbert Cassidy, Esq., Attorneys for the Petitioners, and a number of petitioners and citizens of the Ward were present and gave their general views upon the subject.

The Commissioners also met on September 2, 1901, in Town Hall, Germantown, which meeting was advertised in two local papers for two successive weeks and also in the "Sunday World," for two successive weeks, and also in the "Philadelphia Inquirer" and the "Philadelphia Times," and also by posting three large notices in each of the 46 Divisions of said Ward, as will appear by proofs of publication and notices, etc., herenunto annexed, marked "Exhibit C." This meeting was attended by a very large number of the citizens of the Ward, who gave their views upon the subject.

The Commissioners also met on September 16, in Hellerman's Hall, at Olney, which meeting was also largely attended by citizens of the Ward, and a meeting was also held in Melrose Hall, at Oak Lane, on September 24, at which meeting there was a large number of the citizens of the Ward who also gave their views upon the subject.

The Commissioners, on September 28, 1901, accompanied by a number of citizens, drove over the Ward for the purpose of viewing the same.

The Commissioners also held meetings for the purpose of consultation and preparation of report, on September 30 and October 1, 2, 3, 4 and 5, 1901.

FACTS CONCERNING THE WARD.

Area.—The Twenty-second Ward is the largest in area save one in the City of Philadelphia, containing 19.904 square miles of territory. It is bounded on the northeast and northwest by County Line road; on the southwest by Wissahickon and Roberts avenues; on the south and southeast by Wingohocking and Tacony creeks; north and south extends from Wayne Junction to Chestnut Hill and east and west from Frankford to Roxborough.

Population.—The population was in 1900 about 65,000, and the number of voters was, by the May assessment, 15,950.

Divisions.—It contains 46 election divisions.

Character of Territory.—The central part of the Ward is built up and thickly populated, while the eastern and western sections are suburban, consisting of isolated, small villages, not so densely populated.

OPINION OF COMMISSIONERS.

It is not an easy task to define a standard by which to measure either the necessity or advisability of dividing a Ward, nor even to state in clear terms the reasons which might impel the Commissioners appointed in any given case to form an opinion for or against division. In this case the commissioners have taken into their consideration only such reasons as to them seem of a practical nature and have been influenced in their deliberation only by such facts and arguments based upon them, as tended to decide the question before them, upon the broad basis of the greatest good to the greatest number of people of the Ward.

In conferring with the citizens upon the subject, the Commissioners found that the consensus of opinion was overwhelmingly in favor of division upon the lines of Stenton avenue, thereby placing Bristol Township in one Ward and Germantown Township in the other Ward and that the citizens were opposed to any line that would run through Germantown Township, for the reason that the citizens desire to keep said Township intact, as it comprises "Old Historic Germantown."

Putting to the evidence produced at the public meetings held by your Commissioners, the test of practical relative advantages and disadvantages of the people, adopted by the Commissioners as their guide, the Commissioners are unanimously of the opinion:

1. That the Twenty-second Ward should be divided.

2. That the lines of division should be the center of Germantown avenue, from its junction with Wingohocking street, to the center of Stenton avenue; thence along the center of Stenton avenue to the center of East Logan street; thence along the center of East Logan street to the center of the roadbed of the Philadelphia, Germantown and Norristown Railroad Company; thence along the center of the roadbed of the Philadelphia, Germantown and Norristown Railroad Company to the center of Stenton avenue; thence along the center of Stenton avenue in its various courses to the center of Cresheim avenue.

The reasons briefly stated for our opinion that the Ward should be divided are as follows:

1. The great extent of territory covered by the Twenty-second Ward renders it almost impossible for a community of interest to prevail among the various parts of it, separated by miles of intervening distance, in many cases without ready means of intercommunication. It could not be expected that there would exist that unity of purpose among the people that should exist among the citizens of the Ward.

One of the objects of the existence of the political divisions known as Wards is to maintain an arrangement of the people in compact, homogeneous masses, with local necessities and local representatives of their needs in the City government. Of course, in such an arrangement, the primary intimate relations to the whole still exist to their fullest extent, but the fact still remains that the needs of municipal government are best subserved when small bodies of the people are arranged in convenient political divisions, with sufficient unity of purpose and requirements to draw them close together, upon the basis of general good.

It cannot be denied that this unity of feeling does not exist to-day in the Twenty-second Ward to as great extent, doubtless, as in any Ward of the City; but it would seem that this exists rather in spite of than in consequence of the great size and population of the Ward. Its people are scattered in small local communities, the villages of earlier days when the district was divided into townships.

This condition has fostered to a great extent a division along numerous local lines, which tend to a divergence rather than a unity of sentiment and purpose. The Commissioners are of the opinion that if this large area is divided into two Wards, it will foster more unity of public sentiment in each, render more effective the efforts of each for advancement of its special local needs. The fact is that the citizens of Olney and the citizens of Chestnut Hill, both in the same Ward, are almost as far apart from each other as each is from West Philadelphia. Their interests are not one, because of this separation and the lack of knowledge of each others needs.

2. An additional argument of a similar character is to be found in the rapid growth and development of nearly every section of the Ward. Even now inequalities in municipal improvements are noticed as between the different sections of the Ward. This is caused not by any lack of intelligent effort on the part of the people's representatives or the people themselves, but rather to the fact that the interests and necessities are too great and diversified to receive due attention.

It is a self evident fact that under our system of municipal government, each division of the people contained in a Ward must necessarily depend upon its representatives in Councils for improvements in the division of particular Ward, as well as for attention to the ordinary wants of citizens as they may arise. This being the condition of affairs, it is the opinion of the Commissioners that so large a body of the people, and so large an area of rapidly improving territory would be vastly benefited in every way if divided upon proper lines into separate wards, each with its representatives in both branches of the City government, identified with less population and less area.

The Commissioners find that there is an overwhelming sentiment in the sections of the proposed new Ward for municipal improvements, a spirit of enterprise which should be encouraged and fostered in every way. This activity is equally manifest in the lower and upper and eastern and western sections of the Ward. Permanent improvements, such as buildings, etc., can precede but

little the performance by the municipality of its duty in the premises, namely: opening, grading and paving of streets, introduction of water, gas, sewers, etc., where this duty is neglected or the performance delayed, development is retarded. The relation of the citizens of any locality, therefore, to the municipality as such is intimate and can only be established in a broad way through its representatives in the Councils. Where, therefore, as in this case, there are, owing to the activity of the citizens' pressing demand, extending over twenty square miles of territory and affecting over 65,000 people, it becomes of vital importance that all should be brought into as close and intimate relation to the municipality as possible. This can best be accomplished by the correction of a political division or Ward which becomes as such a recognized part of the government, not only as to the people composing it, but in every other relation.

If the Twenty-second Ward is divided, the same territory and people will have a double relation to the municipality, each confined, however, to a smaller area and fewer people and each will therefore be brought in closer touch as to its own needs with the central power.

4. There are other reasons, based upon the broader view of the relations of the Ward to the City in general, but the Commissioners are of the opinion that whatever benefits a considerable portion of our citizens, must benefit the whole in some degree.

If the division of the Twenty-second Ward will prove, as the Commissioners believe, of great advantage to the people of the district, it cannot fail to be of benefit to the municipality in every way. Hence, this aspect of the matter the Commissioners have not discussed.

5. All of these arguments apply with equal force to the increase of school facilities. With two separate school boards and two Controllers, there is no doubt in our minds at all that the educational facilities of the people will be enlarged and vastly improved, certainly from the evidence before the Commissioners they are not adequate at the present time.

The Commissioners find that the Twenty-second Ward

is comprised of two townships, namely: Germantown Township and Bristol Township, and that these two townships, though forming one great Ward, are in reality separate from each other. Each township is a separate poor district, elects its own township officers and has its separate Poor Board and Directors of the Poor; and that each collect their poor taxes separately, and that Bristol Township forms a separate assessment district, as constituted by the Board of Revision of Taxes.

The lines of division above set forth will divide the Ward into areas nearly equal in size, but very different in population. The population of Bristol Township is about 15,000 persons, and that of Germantown Township is about 50,000.

Bristol Township being largely a farming district, with its population distributed over an area equal to nearly one-half the size of the present Twenty-second Ward, and in the numerous villages and settlements of earlier days while Germantown Township, being thickly populated and forming a town in itself, shows the diversity of their respective interests and needs and is a convincing reason with your Commissioners for selecting the lines that will place the two townships into separate Wards. That this is the natural line of division is further shown by the fact that the citizens of the Twenty-second Ward, as your Commissioners have good reason to know, would not approve a division on any other line than that above suggested. The citizens of the said Ward have voted down division of the Ward upon other lines, for the reason that it would divide the township of Germantown, which comprises "Old Historic Germantown." It appeared from the evidence produced at the numerous meetings held by your Commissioners that the citizens of the said Ward will never consent to a division of said Germantown Township.

The following is a full report of the charges and expenses attending the work of the Commissioners, incident to this commission.

APPENDIX No. 63.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Emerald, Sixth, Hutchinson and Devereaux streets, beg leave to report that the opening of Emerald street will make a thoroughfare and will be a great public convenience. As the opening of the street is through a large tract of land it will be benefited by additional building fronts. There should be no damage by reason of the opening of the street.

Sixth street at the present time is opened north and south of the proposed opening. An extensive industry is being established on the street and a large number of houses being constructed in the vicinity. As no improved property is taken the damages should not exceed one thousand (1,000) dollars.

Hutchinson street is opened by ordinance of Councils to the width of fifty feet but subsequently increased to sixty feet. The street is now built upon on the west side and the municipal improvements badly needed. The increased width is taken from the east side of the street upon which there are no buildings and the damage should not exceed two thousand (2,000) dollars.

The opening of Devereaux street is intended to provide an outlet for a large factory being constructed on the river front. As the opening is for only two blocks and through entirely unimproved property, the damage, if any, will be very slight.

We therefore report the annexed ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. A. Miller, Thos. Wagner, Jr., Albert Webster, B. S. C. Thomas, W. F. Short, Geo. W. Sunderland, Jos. M. Adams, Samuel P. Town, Watson D. Upperman, J. H. B. Amick, Wm. S. Vare, C. E. Connell, W. McCoach.

AN ORDINANCE

To authorize the opening of Emerald, Sixth, Hutchinson and Devereaux streets, to their full width as now laid down upon the City Plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use to their full width as now laid down upon the City plan, viz.: Emerald street, from Indiana to Cambria street; Sixth street, from Cayuga street to a point about sixty-five (65) feet south of Hunting Park avenue; Hutchinson street, from Tioga to Venango street; Devereaux street, from State road to Delaware river.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 64.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Nineteenth, Twentieth, Twenty-first, Twenty-second streets, Snyder avenue, Jackson, Wolf, Ritner and Porter streets, beg leave to report that the object of this ordinance is to provide for the opening of streets in order

that a large tract of land owned by the Girard Estate may be developed. The Directors of the Girard Estate contemplate the improvement of this land and the erection of several thousand houses, which cannot be constructed until means of reaching the same are provided. It is the intention of the Directors to make all the street improvements over their entire tract without expense to the City. The opening of these streets takes parts of both the Lebanon Cemetery and the Philadelphia Cemetery. No estimate of the probable damage can be made, but as the development of all this section is retarded, and as the streets can never be opened with less cost, your Committee think that the ordinance should be passed, and therefore report it with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. A. Miller, Thos. Wagner, Jr., Albert Webster, B. S. C. Thomas, W. F. Short, Geo. W. Sunderland, Jos. M. Adams, Samuel P. Town, Watson D. Upperman, J. H. B. Amick, Wm. S. Vare, C. E. Connell, W. McCoach.

AN ORDINANCE

Nineteenth street, from McKean street to Oregon avenue; Twentieth street, from Passyunk avenue to Oregon avenue; Twenty-first street, from Snyder avenue to Penrose avenue; Twenty-second street, from Snyder avenue to Oregon avenue; Snyder avenue, from a point about two hundred and twenty-five (225) feet west of Eighteenth street to Twentieth street; Jackson street, from Penrose avenue to Twenty-second street; Wolf street, from Penrose avenue to Twenty-second street; Ritner

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the payment of certain bills in the Bureau of Surveys," beg leave to report that we have considered said bill and after receiving the annexed report from the Bureau of Surveys, report the bill with a favorable recommendation and ask its passage.

BUREAU OF SURVEYS.

Philadelphia, October 23, 1901.

MR. WILLIAM H. FELTON,
Clerk of Councils' Committee on Surveys.

DEAR SIR:—In reply to yours of October 19, in reference to ordinance to authorize the payment of certain bills to Charles D. Land, I beg to report as follows:

On March 29, 1893, Mr. Charles D. Land executed a contract for the construction of a sewer in Arizona street, from Thirtieth to Thirty-first street, under authority of general ordinance providing for the construction of sewers in streets to be paved. Afterwards, the sewer was considered unnecessary, it having been found that the drainage was sufficient and the street was paved without a sewer.

On April 6, 1892, Mr. Land executed a contract for the construction of a sewer in Callowhill street, from Nineteenth to Twentieth street. Ample drainage facilities were found to exist and the street has been repaved with improved pavement without a sewer.

On February 21, 1893, Mr. Land executed a contract for the construction of a sewer in Julia street, from Fairmount avenue to Brown street, and on Onas street, from Newmarket street to Front street, and on Front street from Onas street to Fairmount avenue.

These sewers were to be built under general ordinances approved Feb. 26, 1891 and July 17, 1891, providing for the construction of sewers in streets to be paved or repaved, and the necessary outlets for such. Julia and Onas streets were paved before the contract for the sewers could be executed.

On Feb. 21, 1893, Mr. Land also entered into a contract for the construction of a sewer in Trenton avenue, from Susquehanna avenue to Abigail street, and on Abigail street to Amber street.

These sewers were to be built under the general ordinances approved February 26, 1891 and July 17, 1891, named above. Work was commenced, but existing underground structures were found to interfere, and the street was paved without a sewer.

In 1893 (No. 514), Mr. Land executed a contract for the construction of a sewer in Winslow street, from Thirtieth to Juniper street, which was to be built under the same general ordinances named above.

A sewer was found to be unnecessary, and the street was paved without it.

All of the above contracts have become outlawed, by reason of the streets having been paved with improved pavement, without the sewers first having been constructed, as required by the ordinances of February 21, 1891 and July 17, 1891.

In view of the above facts, Mr. Land requested to be released from these contracts, which the Department agreed to upon his releasing the City from any claims for damages, by reason of annulling the above contracts.

The work having been abandoned, through no fault of the contractor, I think it but proper that he be reimbursed for any expense he may have incurred in executing the contracts.

Yours truly,

G. S. WEBSTER,
Chief Engineer.

AN ORDINANCE

To authorize the payment of certain bills in the Bureau of Surveys.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to draw, and the City Controller to counter-sign warrants in payment of the following bills, to wit:

In favor of Charles D. Land, in the sum of fifty-four (54) dollars and eighty-seven (87) cents, for expenses incurred in executing contracts for the construction of sewers in Arizona street, from Thirtieth street to Thirty-first street; Callowhill street, from Nineteenth street to Twentieth street; Onas street, from New Market street to Front street, and Front street, from Onas street to Fairmount street, and on Front street, from Onas street to Fairmount avenue; Trenton avenue, from Susquehanna avenue to Abigail street, and Abigail street to Amber street; Winslow street, from Thirteenth street to Juniper street, which contracts were annulled by the Department of Pub-

lic Works, no work being required thereunder, and shall charge the same to Item 16, of the appropriation to the Department of Public Works (Bureau of Surveys), for branch sewers.

SECT. 2. The Director of the Department of Public Works shall advertise, according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest responsible bidders; and it shall be a condition of said contracts that the contractors shall accept the sums assessed upon and charged to the properties lying upon the lines of said sewers in manner and form authorized by ordinance entitled "An Ordinance regulating the assessments upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto, approved February 16, 1869, and any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, man-holes and legal deductions in the construction of branch sewers," ap-

APPENDIX No. 67.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the ordinances to place on the City plan Woodbine avenue, Luray, Lardner, League, Reese, Franklin, Frazier, Ithan, Hoopes, Alden, Cecil, Hobart and Wanamaker streets, beg leave to report that the owners of ground on all of these streets, excepting League and Hoopes streets, are required to dedicate.

League street is entirely built upon except a small triangle at one end. When opened the cost of taking this triangle will no doubt be assessed against the owners of the remaining portion of the street.

More than three-fourths of Hoopes street will be dedicated. As the balance is through unimproved property it will be benefited by opening the street; no damage will probably be assessed for the same. We therefore report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'u*), Bennett L. Smedley, Chas. H. Johnson, James A. Briggs, H. J. Trainer, Jos. M.

Adams, Geo. W. Sunderland, Thomas S. Wiltbank, Geo. B. Edwards, Samuel Crothers, S. E. Peñdlebury, Saml. K. Stinger, Joseph P. Hughes, Chas. B. Barton.

AN ORDINANCE

To place on the City plan Woodbine avenue, Luray, Lardner, League, Reese, Franklin, Frazier, Ithan, Hoopes, Alden, Cecil, Hobart and Wanamaker streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to place on the City plan Woodbine avenue, of the width of sixty feet, from Steinberg avenue to Windermere avenue; Luray street, of the width of fifty feet, from Wayne avenue to Greene street; Lardner street, of the width of fifty feet, from Ditman to Jackson street; League street, of the width of thirty feet, from Nineteenth to Twentieth street; Reese street, of the width of fifty feet, from Lycoming street to Hunting Park avenue; Franklin street, of the width of fifty feet, from Allegheny avenue to Clearfield street; Frazier and Ithan streets, each of the width of thirty feet, from Market to Ludlow street; Hoopes street, of the width of forty feet, from Fifty-first to Fifty-second street; Alden, Cecil, Hobart and Wanamaker streets, each of the width of thirty feet, from Springfield avenue to Warrington avenue: *Provided*, That before said streets, excepting League and Hoopes streets, shall be placed on the plan the owners of property on the lines of said streets and abutting thereon shall first dedicate the bed of the same to the City or shall enter into an agreement satisfactory to the City Solicitor indemnifying the City against all damages by reason of the placing of said streets on the plan and their subsequent opening: *Provided, however*, That before said Hoopes street shall be placed on the plan, the owners of at least three-fourths of the ground within the lines of said street shall first dedicate the same to the City.

APPENDIX No. 68.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to strike from the City plan and vacate Beach street, from Willow to Noble street,” beg leave to report that Beach street is located midway between Front street and Delaware avenue, being only one hundred and fifty feet distant from either. It is largely occupied by tracks by the Philadelphia and Reading Railway, who own the property on both sides. The street does not extend southward from Willow street and cannot be used for driving through. The City is protected against damages by reason of the striking of said street from the plan. We therefore report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Bennett L. Smedley, Chas. H. Johnson, James A. Briggs, H. J. Trainer, Jos. M. Adams, Geo. W. Sunderland, Thomas S. Wiltbank, Geo. B. Edwards, Samuel Crothers, S. E. Pendlebury, Saml. K. Stinger, Joseph P. Hughes, Chas. B. Barton.

AN ORDINANCE

To strike from the City plan and vacate Beach street, from Willow to Noble street, in the Eleventh Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to strike from the City plan and vacate Beach street, from Willow to Noble street, in the Eleventh Ward: *Provided*, That the Philadelphia and Reading Railway Company first enter into an agreement satisfactory to the City Solicitor, indemnifying the City against all damages by reason of the striking of said street from the plan and its vacation.

APPENDIX No. 69.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Church street, from Second street westward about one hundred and thirty-two feet," beg leave to report that Church street is now opened between Second and Third streets of the width of twenty-nine (29) feet six (6) inches, except a portion west from Second street about one hundred and thirty-two feet, where it is only fifteen feet wide; in which part there is only room for the passage of one vehicle. Bounding the street on the north is the property of Christ Church. The widening of the street as proposed requires the taking of one brick building, eighty-three (83) feet in depth and vacant lots in the rear. The widening will be a great benefit to wagons passing through the street as well as protection against fire for the historic church edifice. The amount of damage for opening the street is estimated at twenty-five thousand (25,000) dollars. We therefore report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Bennett L. Smedley, Chas. H. Johnson, James A. Briggs, H. J. Trainer, Jos. M. Adams, Geo. W. Sunderland, Thomas S. Wiltbank, Geo. B. Edwards, Samuel Crothers, S. E. Pendlebury, Saml. K. Stinger, Joseph P. Hughes, Chas. B. Barton.

AN ORDINANCE

To revise the lines and grades of Church street, from Second street westward about one hundred and thirty-two (132) feet.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Church street, from Second street westward about one hundred and thirty-two (132) feet.

APPENDIX No. 70.

Philadelphia, November 21, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of that portion of the City plan bounded by Hermitage street, Ridge avenue, Fountain street and Silverwood street and to place on the plan Gates and Pechin streets,” beg leave to report that in placing Susan Gorgas Park upon the City plan the streets within the Park limits were stricken from the plan. This caused a distance of over twenty-two hundred (2,200) feet between Ridge avenue and the nearest cross street; it also made two dead-end streets. This condition can be remedied without seriously injuring the Park and be a decided improvement to the neighborhood. We therefore report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Bennett L. Smedley, Chas. H. Johnson, James A. Briggs, H. J. Trainer, Jos. M. Adams, Geo. W. Sunderland, Thomas S. Wiltbank, Geo. B. Edwards, Samuel Crothers, S. E. Pendlebury, Saml. K. Stinger, Joseph P. Hughes, Chas. B. Barton.

AN ORDINANCE

To revise the lines and grades of that portion of the City plan bounded by Hermitage street, Ridge avenue, Fountain street and Silverwood street and to place on the plan Gates and Pechin streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of that portion of the City plan bounded by Hermitage street, Ridge avenue, Fountain street and Silverwood street, and to place on the plan,

through Susan Gorgas Park, Gates street, of the width of fifty feet, from Manayunk avenue to Ridge avenue, and Pechin street, of the width of fifty feet, from Hermitage to Gates street.

LAW DEPARTMENT.

Philadelphia, November 25, 1901.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—Enclosed please find copy of report of jury in the matter of the widening of Spruce street at southwest corner of Twelfth street, in the Seventh Ward. Report of jury filed this day.

Spruce street, at the point indicated above, has been physically widened.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

(Court of Common Pleas No. 1.)

In the matter of the widening of Spruce street at southwest corner of Twelfth street, in the Seventh Ward of the City of Philadelphia, as per Ordinance of Councils of March 21, 1894.

(Copy.)

REPORT OF JURY.

(Filed November 25, 1901.)

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court, to wit: on the petition of Elizabeth Platt, to assess

the damages and benefits, if any, for the widening of Spruce street, at southwest corner of Twelfth street, in the Seventh Ward of the City of Philadelphia, respectfully report:

That after due notice the jurors met on October 8, 1901, for organization. All of the jurors were present at this meeting. That at this and subsequent meetings the jury was attended by George B. Carr, Esq., counsel for petitioner, and George E. Fili, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at this meeting, to wit: October 8, 1901, the jurors were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the widening of Spruce street, at southwest corner of Twelfth street, impartially and according to their best judgment. The jury organized by electing Charles R. Gentner foreman; after which the petition was read to the jury, and the official plan produced, which is attached to and filed with this report. The jury then adjourned to October 10, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

The jury subsequently met for the purpose of hearing testimony, reviewing and arguments of counsel, on the following days: October 15, 18, 22, 25, 29; November 1, and 2, 1901; for consultation they met on November 4, 1901.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades to which the said street is to be widened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the widening thereof, and acting on their best judgment, the jury do find that the property of the petitioner is damaged, and therefore make the following award of damages:

To Elizabeth Platt, the sum of.....\$500.00

The jury further find that no property in the vicinity is specially benefited by the said widening, and report that the whole award of damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 100.

OFFICE OF THE MAYOR.

Philadelphia, December 16, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I beg leave to transmit herewith a communication from the Board of Trustees of the Philadelphia Commercial Museum, with reference to the appropriations for that institution for the year 1902.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

THE PHILADELPHIA COMMERCIAL MUSEUM.

Philadelphia, December 2, 1901.

To the Mayor and City Councils of Philadelphia.

The Board of Trustees of the Philadelphia Museums hereby request that they be allowed for the coming year the full amount of the appropriation asked for, namely:

\$125,000 for maintenance.

\$10,000 for care of Exposition buildings.

\$9,123.51 for insurance on Exposition buildings.

This appropriation will be urgently required:

1st. For the maintenance of the Museums.

2d. To preserve the immense collections which are greatly stimulating the educational and commercial interests of Philadelphia.

The Commercial Museum was established by ordinance of Councils in 1894, with the object of providing the city with permanent collections showing the resources, production, importation, customs and general commerce of all parts of the world. Its work was rapidly extended, dona-

tions of material were made by many governments and the name of Philadelphia was made synonymous to the ends of the earth with all that made for progress in our foreign trade. Two great trade congresses were held here, in 1897 and 1899, comprising representatives of every trade centre in the world and creating many new and valuable markets for our industries.

After four years of work the collections donated to the Museum far exceeded the space available for their exhibition, and city, State and nation combined in the construction of more spacious quarters in West Philadelphia.

The Museum has become an educator not only to the city but to the whole State, giving free instruction to the teachers as well as to thousands of pupils. It has also sent out hundreds of very valuable school collections to illustrate the principles of commercial geography and commerce.

In 1900 the city appropriated \$20,000 to be expended in transporting to Philadelphia the collections which had been donated to the Museum by the countries participating in the Paris Exposition, and about 1,000 cases of exhibit material, representing an expenditure of more than \$2,000,000, were shipped to Philadelphia.

From the Pan-American Exposition the Museum has received donations comprising practically all of the foreign collections there exhibited, and before the end of the year the Museum will have received about 1,000 cases of this material, representing an expenditure of over \$1,000,000 and obtained without cost to the city.

The reduced appropriation made for the current year has not enabled the Director of the Museum to install any of this material; so that all the Paris donations are in jeopardy, and those from Buffalo will be similarly threatened unless suitable provision is made for the coming year. A great number of cases of extremely valuable exhibits, unequalled in the world, are now endangered.

The Museum asks for the coming year, for maintenance, \$125,000. No part of this sum is intended for the Bureau of Information, which, though in every way a credit to the city, is now entirely self-supporting. The entire sum, if voted, would be expended in the installation of all the valu-

able material just described in West Philadelphia, and in maintenance and much needed repairs to these buildings, and the maintenance of the buildings on Fourth street, which would enable the Museums Board to throw the entire property open to the public as a public garden and exhibition.

If funds approximating the amount named were not assigned to the Museums, the buildings in West Philadelphia would have to remain closed to the public and the invaluable collections, contributed in good faith to the city for permanent installation and unequalled anywhere in the world, would run the risk of irreparable damage.

Respectfully submitted,

BOARD OF TRUSTEES:

Chas. F. Warwick, Acting President.

The owner of

property on the south side of said street desires at once the improvement of his land and the revision of the grade is necessary for a proper development. The damages to the City by the proposed change is estimated at four thousand (\$4,000) dollars. The change is a very desirable one as it will make a better street. GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Cedar, Amber, Livingston, Silver and Eleventh streets and intersection of Germantown avenue, Old York road and Rising Sun avenue, beg leave to report that it is believed that all of these streets can be opened without damage to the City, excepting Eleventh street and intersection of Germantown avenue with Old York road. The damages for the opening of Eleventh street are estimated at nine thousand (9,000) dollars. The public convenience as well as the improvement of the property requires that this street should be opened. The taking of the intersection of Germantown avenue and Old York road is estimated to cost eight thousand (8,000) dollars. As both of these streets are extensively traveled and both traversed by double lines of railroad track it is deemed necessary that the intersection should be opened for safety and convenience of travel. We therefore report the ordinance with a favorable recommendation.

APPENDIX No. 120.

Philadelphia, January 2, 1902.

To the President and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinance to authorize the opening of Ford road, Fifty-third street and Columbia avenue, beg leave to report that Ford road is opened at the present time of the width of thirty-three feet, but on the plan of the width of sixty feet. The road is an important thoroughfare, and is the direct communication between Overbrook and Fairmount Park, and the travel along it is constantly increasing. As almost all the properties affected are large and undeveloped, the opening of the street would be an improvement. The damages are estimated at six thousand (6,000) dollars.

The portions of Fifty-third street to be opened at the

present time block the development of the street and prevent direct communication between two important sections. No buildings are disturbed by opening the street. The damages are estimated at seven thousand five hundred (7,500) dollars.

Columbia avenue is all opened excepting one-half the width of the street at Fifty-second street. The opening of this avenue will be a public convenience and will influence the erection of fine dwellings upon it. No buildings will be disturbed by the opening. The damages estimated are four thousand (4,000) dollars. We therefore report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), Thos. Wagner, Jr., Jesse S. Shepard, J. H. B. Amick, E. P. Macken, W. A. Miller, Watson D. Upperman, Thos. J. Morton, Jos. M. Adams, Sam'l P. Town, W. F. Short, B. S. C. Thomas, Edw. W. Patton, Geo. W. Sunderland.

AN ORDINANCE

To authorize the opening of Ford road, Fifty-third street and Columbia avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use, viz.: The unopened portion of Ford road, to its full width, from Monument road to boundary line of Fairmount Park; Fifty-third street, from Media street to a point about two hundred and fifty feet south, and unopened portion from Warren street to a point about one hundred and seventy feet south; unopened portion of Columbia avenue, from Fifty-second street to Parkside avenue.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia, for the payment of any damages which may

be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the opening of Seventieth street, from Woodland avenue to Seventy-first street,” beg leave to report that repeated efforts have been made to secure from the owners of property an estimate of the amount of damage that will be claimed before the passage of the ordinance, but without result. To the President and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to return herewith "An Ordinance to make an appropriation to the Mayor for the year 1902," without my approval to "Item 14. DEPARTMENT OF PUBLIC WORKS.

Philadelphia, December 26, 1901.

HON. SAMUEL H. ASHERIDGE,
Mayor of the City of Philadelphia.

DEAR SIR:—The Ordinance of Councils approved March 4, 1892, for making underground connections with sewers to prevent objectionable footway drainage; also Ordinance approved February 18, 1889, relating to grading, paving, repaving, repairing, setting and resetting curbs, provides that the assessments against abutting property for the cost

of these improvements shall be made by the Director of Department of Public Works.

After a conference with the City Solicitor, it has been deemed advisable to have an ordinance prepared and introduced in Councils, providing that these assessments be made by the District Surveyor, who is authorized to make all other assessments, instead of the Director of the Department of Public Works.

I have had an ordinance prepared by the City Solicitor, copy of which is herewith enclosed, and have the honor to request that you forward said draft of ordinance to Councils, with the recommendation that it be passed.

Yours respectfully,

WM. C. HADDOCK,
Director.

AN ORDINANCE

Directing that the estimate of the cost and expense of work done under contracts for the grading, paving, repaving or repairing footways, or setting or resetting curbstones, or for the making, laying or constructing of underground connections with sewers, upon default of the owners of property adjoining the highway to do such work, and the assessment of such cost and expense against the properties adjoining which the said work is done, shall be made by the District Surveyor of the proper district.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That whenever it shall be necessary for the Director of the Department of Public Works to enter into contract for the making, laying or constructing of underground connection with sewers to prevent objectionable drainage flowing over footways, or for the grading, paving, repaving or repairing of footways, or the setting or resetting of curbstones, in default of such work being done by the owner or owners of the property adjoining the highway, as required by existing ordinances; upon the completion of such work under said contract, it shall be the duty of the District Surveyor of the proper

district, in lieu of the Director of the Department of Public Works, and such District Surveyor is hereby authorized, to estimate the cost and expense thereof in accordance with the provisions of the contract therefor, and to assess such cost and expense against the property adjoining which the work is or shall be done, in the name of the registered owner or owners thereof; and thereupon to notify the Director of the Department of Public Works of such estimate and assessment.

SECT. 2. So much of the third section of an ordinance entitled "An Ordinance relating to the grading, paving, repaving and repairing footways, and setting and resetting curbstones," approved the 11th day of February, A. D. 1889; and so much of Section 3 of an ordinance entitled "An Ordinance relating to underground connections with sewers to prevent objectionable drainage flowing over footways and the collection of the cost thereof," approved the 4th day of March, A. D. 1892, and such other ordinances or parts of ordinances as are inconsistent herewith, be and the same are hereby repealed.

LAW DEPARTMENT.

Philadelphia, December 23, 1901.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—Enclosed please find copy of report of jury in the matter of the opening of Belgrade street, from Huntingdon street to Anthracite street, in the Eighteenth Ward. Report of jury filed December 21, 1901.

Belgrade street, between the points indicated, is not yet physically opened.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

(C. P. No. 3.)

In the matter of the opening of Belgrade street, from Huntingdon street to Anthracite street, in the Eighteenth Ward of the City of Philadelphia, as per Ordinance of Councils dated March 24, 1899.

(Copy.)

REPORT OF JURY.

Filed December 21, 1901.

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of the said street, respectfully report:

That after due notice the jurors met at Room 381, City Hall, on November 11, 1901, for organization. All of the jurors were present at this meeting. That at this meeting, to wit: November 11, 1901, the jury organized by electing Jesse A. T. Laws foreman, after which the petition was read to the jury, and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered owners and tenants was also filed with the jury, and is now a matter of record.

That at this meeting, to wit: November 11, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Belgrade street, from Hun-

tingdon street to Anthracite street, in the Eighteenth Ward of the City of Philadelphia, impartially and according to their best judgment.

That the jury then adjourned to November 13, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That at the meeting held on November 11, 1901, and at subsequent meetings, the jury was attended by the following counsel representing property owners along the line of the said street: Joseph L. Lamorelle, Esq., for the petitioner—Estate of George T. Lewis, and George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That the jury subsequently met for the purposes of their appointment, to wit, hearing testimony, reviewing and arguments of counsel on the following days: November 19, 21, 26, 29, December 3, 6, 9 and 10, 1901, and for consultation on December 5, 1901.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owner is damaged to the amount set opposite her name:

To Sallie F. Lewis, devisee of George

T. Lewis, deceased..... \$4,614 50

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of Belgrade street, from Huntingdon street to Anthracite street, and that therefore the whole amount of the award as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

Jesse A. T. Laws,

Chas. A. Ayres,

Jas. B. Myers,

Sam'l Clark,

Wm. E. Connor.

APPENDIX No. 130.

Philadelphia, January 16, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the opening of Huntingdon street, from Patton to Thirty-third street,” beg leave to report that Huntingdon street is opened and built upon to the eastward of Patton street and westward of Thirty-third street. The portion to be opened, a distance of five hundred and eighty-four feet, is through the grounds of the German Lutheran Cemetery. A new public school is now being erected on the street, and it being blocked by the cemetery, children are required to travel a considerable distance out of their way to reach school. The school authorities have repeatedly requested the opening of the street. It will be necessary to remove a number of bodies. No estimate of the probable damage can be made, as the Cemetery Company claim a very large amount, but as the street was on the plan at the time the cemetery was located, much of the amount claimed will not be awarded. As the neighborhood is badly in need of this thoroughfare, we report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. A. Miller, J. H. B. Amick, E. P. Macken, C. E. Connell, Jos. M. Adams, T. D. Cummings, Thos. J. Morton, Thos. Wagner, Jr., Peter E. Costello, Jesse S. Shepard, Geo. W. Sunderland, Albert Webster, E. Buchholz, Watson D. Upperman.

AN ORDINANCE

To authorize the opening of Huntingdon street, from Patton to Thirty-third street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of

Public Works be authorized and directed to notify the owners of property over and through which Huntingdon street, from Patton to Thirty-third street, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said street.

APPENDIX No. 131.

Philadelphia, January 16, 1902.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the opening of Wentz street, from Tabor street northward a distance of about two hundred (200) feet, and to repeal a portion of ordinance approved June 27, 1900,” beg leave to report that the ordinance of December 4, 1901, required the filing of a bond protecting the City against damages in excess of five thousand (5,000) dollars. A bond satisfactory to the City Solicitor has been filed as required by said ordinance. The opening of Wentz street is badly needed to provide an outlet for a number of houses in this vicinity. The ordinance of June 27, 1900, authorized the opening of the street according to lines which have been undesirable and is therefor repealed. As the damages cannot exceed five thousand (5,000) dollars and the contemplated improvement a desirable one, we report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), W. A. Miller, J. H. B.

Amick, E. P. Macken, C. E. Connell, Jos. M. Adams, T. D. Cummings, Thos. J. Morton, Thos. Wagner, Jr., Peter E. Costello, Jesse S. Shepard, Geo. W. Sunderland, Albert Webster, E. Buchholz, Watson D. Upperman.

AN ORDINANCE

To authorize the opening of Wentz street, from Tabor street northward a distance of about two hundred (200) feet, and to repeal a portion of ordinance approved June 27, 1900.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to notify the owners of property over and through which Wentz street, from Tabor street to a point about two hundred (200) feet northward, as authorized to be revised in accordance with ordinance approved December 4, 1901, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond and at the expiration of the said three months the Director of the Department of Public Works shall forthwith proceed to open said street.

SECT. 3. That so much of the ordinance approved June 27, 1900, as authorized the opening of Wentz street, from Tabor street to a point about two hundred (200) feet northward, be, and the same is hereby repealed.

With the closing of the books of this Department for the year 1901, I beg to report that there is a surplus exceeding that estimated on August 1st last. The anticipated surplus on that date was \$106,207.70. This has had added to it by actual results the sum of \$561,237.99, making a surplus of \$667,445.69, which, by a decision of the Law Department dated December 27th, 1880, is now placed at the disposal of your Honorable Bodies for further appropriation.

Receipts.

The total estimated revenues from the various sources on August 1st, for the year to December 31st, 1901, was \$25,280,775.91. The amount collected, exclusive of the sums negotiated in the temporary and permanent loans of \$10,225,000, was \$26,697,332.56. This includes the balance of moneys due from the State for 1900, as well as school moneys for 1901, to the amount of \$761,337.41, and personal property tax, \$1,097,714.55.

The tax levy for 1901 was \$16,020,142.08, of which amount \$15,059,783 was collected by the Receiver of Taxes, and after allowing the added penalties of \$61,135.65, and the reduction in discounts of \$129,586.54, there was left to register, or carry forward as delinquent, about five and one-half per cent. of the tax levy uncollected.

I beg to call the attention of your Honorable Bodies to the inadvisability of continuing the large rate of discount allowed for the payment of taxes during the months of January and February of each year, in view of the low rate of interest paid now on all classes of municipal loans and other securities.

The present liberal discount of two per cent. flat during the two months mentioned does not, as intended when enacted by ordinance and as the records of this Department show, prove mostly advantageous to the smaller property holders. The rate is equal to six per cent. per annum and tends to accumulate large balances in the City Treasury, for which, at that early period of the year, there are now no pressing needs.

I would therefore respectfully advise that the following be substituted in Section 4 of the ordinance: "To levy and fix the rate of taxes for the year 1903."

SECTION 4. That upon all taxes paid during the months of January, February and March, a discount of one per cent. flat be allowed. If paid between the thirty-first day of March and the first day of July a discount at the rate of one per cent. per annum be allowed.

If paid after the first day of September and on or before the first day of October, an addition or penalty of one per cent. If paid after the first day of October and on or before the first day of November, there shall be an addition or penalty of two per cent. If paid after the first day of November and on or before the 1st day of December, there shall be an addition or penalty of three per cent. If paid after the first day of December and before the first day of January, there shall be an addition or penalty of four per cent.; and upon all taxes remaining unpaid on and after the first day of January, there shall be an addition of five per cent. added to and made payable on the same.

The collection of delinquent taxes in 1901 shows a decided falling off from that of 1900. Those collected in 1900 were \$1,835,958.34, while the collections in 1901 were only \$1,577,255.78, a difference of \$258,702.56.

And yet, after an audit of the tax receipts for 1901, I am pleased to record that the amount registered as delinquent is less in every ward of the City with but three exceptions than it was in the year 1900.

The increase in receipts over the previous year were in the following Departments and Items:

Current Taxes	\$365,734 28
The Mayor	418 00

Disbursements.

The total disbursements for the year 1901 were \$30,-113,147.05, a decrease from that of 1900 of \$515,099.20.

The following statement exhibits the appropriations to

the Departments in 1901, including the balances carried to the books of 1901 from the books of 1900:

APPROPRIATIONS.	COUNTERSIGNED.	MERGING.	NOT MERGING.
\$45,175,615.22	\$28,955,372.21	\$133,597.13	\$16,086,645.88

Amounts Brought Forward to Books of 1902.

Of the total cash balance \$18,198,969.17 in the Treasury, \$13,806,210.64 are loan moneys charged and non-merging as follows:

Bureau of Water	\$12,120,389 23
Bureau of Surveys	1,380,815 21
Bureau of Highways	42,263 57
Department of Education.	182,622 38
Park Commission	80,000 00

and a small balance to the Bureau of City Property.

I would add that if the loan moneys were excluded from the non-merging balance of \$16,086,645.88 shown in the foregoing table, the balance, which includes the sums protected by ordinance and by contracts entered into, many at a late period of the year, if added to the amount of unused money merging would exhibit a surplus for further appropriation in 1902 of over \$2,000,000.

Number of Warrants Countersigned.

The total number of warrants countersigned for the year 1901 were 82,481, an increase of 2,546 over the total countersigned for the year 1900.

Outstanding Warrants.

The following outstanding warrants remain unpaid for the years as set forth. The large amount for 1901 is ac-

counted for by the fact that many bills are not rendered until the closing hours of the year, hence the warrants for the same are not presented at the Treasury for payment until after the close of the fiscal year, January 1st:

1896	\$2,631 49
1897	3,041 04
1898	15,548 76
1899	1,243 81
1900	3,891 94
1901	1,415,248 83
	<hr/>
	\$1,441,605 87
	<hr/>

Mandamuses.

The payment of writs by mandamus execution, I am pleased to report, show a reduction from the previous year of \$336,027.97. The elimination of certain items from the following list of payments shown by providing for them by direct appropriation, would largely reduce the outlay by this source, thereby saving costs and interest charges which go to swell every payment, no matter how insignificant the claim. Notably among these are the payments, always by mandamus, of the fees to court stenographers which amounted during the past year to \$45,886.53, an increase over the year of 1900 of \$8,311.82.

The Total Mandamuses Paid for the Year Were Distributed as Follows:

The Funded Debt.

The increase in the funded debt during the year 1901 was due to the negotiation of \$9,000,000, the balance of the loan of \$12,000,000 for the filtration and improvement of the water supply; \$25,000 of Series "S" of loan for the abolishment of the grade crossings on Pennsylvania avenue, used in the payment of land damages in the prosecution of this work, making \$5,425,000 that has been negotiated of the \$6,000,000 authorized; and unclaimed matured loan returned by the Farmers' and Mechanics' National Bank, of \$5,900.

The redemptions during the same period amounted to \$4,017,600; of this amount Loan No. 60 for the building of bridges, although not maturing until July 1st, 1905,

was retired by the Commissioners of the Sinking Fund, they holding the entire issue of \$335,000.

Real Estate Belonging to the City.

The valuation of the real estate belonging to the City of Philadelphia to December 31st, 1901, as per the appraisement by the Board of Revision of Taxes, amounts to \$62,313,294, an increase over the valuation on December 31st, 1900, of \$3,899,900.

This is not included as an asset against the total liabilities of the City.

Summary of Valuation and Amounts Collected.

The following table exhibits the figures of the estimated assessed valuation of real estate for taxation at \$1.85 per \$100 for ten years, together with the five years' average of the amount collectible, and the amounts collected within the respective years of the current and delinquent taxes of former years:

APPENDIX No. 135.

OFFICE OF THE MAYOR.

Philadelphia, February 6, 1902.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith the annual report and financial statement of the Philadelphia Museums for the year 1901.

Respectfully,

SAMUEL H. ASHBRIDGE,

*Mayor.*REPORT OF THE PHILADELPHIA MUSEUMS
FOR THE YEAR 1901.

The Philadelphia Museums received from the City during the year 1901, for its support, an appropriation of \$50,000. The Museum has added to its collection diversified materials which represented the vast cost of approximately \$2,000,000. The total cost to the City for securing these valuable collections was approximately \$21,000. These accessions were secured chiefly from two sources, from the Paris Exposition and from the Pan-American Exposition. From the former nearly 1,000 cases were secured, containing material from the following countries:

Norway,	Algeria,
Russia,	China,
Siberia,	Japan,
Hungary,	Java,
Austria,	Ceylon,
Spain,	Egypt,
Roumania,	United States,
Servia,	Hawaii,
Bosnia,	Cuba,
Hersegovin,	Canada,

Germany,
Italy,
Bulgaria,
France,
Belgium,

Mexico,
Ecuador,
Peru,
Guatemala,
French Colonies.

These collections represented the actual cost, in assembling and displaying, \$1,800,000.

From the Pan-American Exposition, over 1,000 cases of exhibits were secured, illustrating the resources and the industries of the following countries:

Mexico,
Guatemala,
Nicaragua,
Salvador,
Ecuador,
Peru,
Bolivia,
Chile,

Argentine Republic,
Brazil,
Haiti,
Dominican Republic,
Jamaica,
Canada,
State of Washington.

These collections represented an actual cost, in collecting and installing, of \$200,000, thus making the total value of the collections secured, as stated above, \$2,000,000.

Considerable contributions were also received during the year from the Governments of Italy, Western Australia, British India, Costa Rica and Queensland, from the Royal Botanical Gardens at Kew, London, and from individuals in Japan and elsewhere. These additional collections represent a value of approximately \$50,000 more.

Installation.

Unfortunately, a lack of sufficient financial resources has prevented the immediate installation of the valuable material secured. Every effort has been made, however, to place it in such condition as to minimize deterioration, but the entire southern wing of the West Philadelphia buildings still remains crowded with material that should be installed without delay in order to prevent its suffering serious damage. Thus far, the resources of the Museums have only permitted the installation of the most perishable

of the newly acquired material in the Central Pavilion of the West Philadelphia buildings. This collection was opened to the public in November. Were sufficient funds available to defray the expense of installation, enough material is on hand to fill all the space in both the West Philadelphia and the Fourth street buildings.

Grounds and Buildings.

The institution now occupies both the premises at 233 South Fourth street, formerly the general offices of the Pennsylvania Railroad Company, and the spacious buildings in West Philadelphia, erected for the purposes of the National Export Exposition. The Fourth street buildings are occupied rent free, through the public spirited generosity of the Pennsylvania Railroad Company, but there is a necessary expenditure for taxes, water rent and insurance. These buildings are occupied partly by the clerical force of the Museum and of the Bureau of Information, and partly by valuable collections of natural resources and trade samples of manufactured merchandise from various parts of the world of especial interest to business men. The property in West Philadelphia consists of 56 acres of land at Thirty-fourth street and Vintage avenue, upon which are erected three steel frame structures, having temporary floors and roofs, two intermediate temporary structures, known as the Auditorium, where the late National Republican Convention was held, and the Exhibition Hall, and two other large wooden buildings and a power house, complete in every detail, upon which last \$80,000 has been expended.

The Board of Trustees permits itself to express the hope that in the interest of the City, means may be provided in the near future for the removal of the temporary wooden buildings and for the completion of the steel structures as permanent four-story fire-proof edifices. The result of such construction would be the possession by Philadelphia of three public museum buildings unsurpassed in the country. The permanent buildings, as thus far constructed, represent an expenditure of approximately \$600,000, procured from sources other than municipal appropriations, and belonging now to the City.

PRACTICAL RESULTS ACCOMPLISHED.

Bureau of Information.

That department of the Commercial Museum which comes in close contact with the business interests of the country, known as the Bureau of Information, continued its activity during the year with increased vigor. Nearly 25,000 separate reports were sent out to American business houses calling attention to new opportunities for the extension of American trade abroad, and some 5,000 inquiries from abroad regarding American manufactures were answered. Scores of letters on file from Philadelphia business houses testify to the practical results of the Museum's efforts in this direction.

The Museum and all its collections are, of course, open to the public without charge, and every effort is made to satisfy any visitor's request for information. The demand, however, soon after the establishment of the Commercial Museum, from the business community for separate and specific reports regarding commercial openings abroad, became so marked that it was found necessary to establish a Bureau of Information in which such inquiries could be answered in detail. For this service a fee covering the actual cost of compiling and transcribing such reports is charged. The development of this branch of the work, because of its practical utility, has been so pronounced that the Bureau of Information now has connections not only with every foreign government and Chamber of Commerce, officially, but is in close touch with competent correspondents in every commercial center of the world. It has become recognized at home and abroad as an impartial and accurate center of trade information, and several other countries, notably, Great Britain and Germany, are now considering the establishment of similar institutions, taking it as a model. The Bureau is at present working upon a self-supporting basis.

Educational Work.

There has been a great extension of the Museum's educational work during the year. Visits from public schools

of classes for the purpose of studying commercial geography have been frequent, while individual research on the part of students from the University and others has been a permanent feature. Every facility to aid these visitors has been afforded without any charge whatever. In addition, through the generosity of manufacturers and merchants, the Museum was able to secure a great amount of material for the purpose of making collections to illustrate, for educational purposes, the natural resources of this and other countries. These articles have been assembled in systematic collections and have been distributed with explanatory charts and photographs to many schools throughout the City and State. The design is to equip the youth of the State, through providing elementary knowledge of commerce and geography, with information which will aid them in earning a livelihood and in becoming more valuable factors in the commercial community. Through the limitation of means, however, it has been found necessary to suspend such work until additional resources shall be secured.

Settlement with the Philadelphia Exposition Association.

While the large steel structures mentioned above as having been erected upon the Museum's property in West Philadelphia, were from the beginning the property of the Museum, the additional wooden buildings were the property of the Philadelphia Exposition Association, under whose auspices the National Export Exposition was held. It was found both desirable and necessary that the Philadelphia Museum should become the owner of this and other assets of the Exposition Association. In the liquidation of the Exposition Association, therefore, the Museum purchased these assets, using for this purpose, assignments to it of dividends accruing to the guarantors to the Exposition Guarantee Fund, with an added cash payment of about \$12,000.

The use of the Auditorium by the late Republican National Convention, caused damage to the heating and lighting equipment of the buildings. This damage the Museum was able to repair without drawing upon the funds for

maintenance by rentals secured from the recent Sportsmen's Show and the Poultry Show, which were held in the buildings in December.

Present Needs of the Museum.

There are three pressing needs of the Museum at present. First: Funds for the completion of the permanent buildings in West Philadelphia, which, as already stated, represent an investment of \$1,000,000 up to the present time. There are three of these buildings each about 140 by 400 feet. They are of steel construction, and so erected as to provide for four well lighted floors. Second: Funds sufficient to install the Museum's collections, at present boxed up for lack of cases and in danger of serious damage. The installation of these collections would require \$100,000. Third: The increase of the annual appropriation to a sum sufficiently large to maintain and to develop the Museums proper in the ordinary course of its work. This is a most urgent need.

The experience of the past year has shown conclusively that in spite of the most rigid economy in every direction, the appropriation of \$50,000 made for the current year, is not sufficient to maintain properly the extensive grounds, buildings, collections and regular work of the Museums.

The growth of the institution has been such that without regard to future accessions with the utmost economy the point has been reached where the most careful estimates of the Board of Trustees show that an annual appropriation of \$125,000 is necessary. This is the amount which the Board requested for the past year. The detailed requirements appear in the financial statement following. This amount is not requested for the Bureau of Information, nor for any of the outside activities of the institution; it is required for the actual development and maintenance of the Museums proper, based upon natural growth.

As an evidence of the manner in which this development is appreciated in other countries, it may be mentioned that during the month of January, 1902, the Pan-American Congress, in session at the City of Mexico, adopted a formal resolution declaring it to be the sense of the Congress that

the Museum was a strong factor in fostering trade between this country and the South American Republics, and deserved every possible consideration and support from these countries.

Financial Statement for 1901.

The annual appropriation by City Councils to the Board of Trustees of the Philadelphia Museums for the year 1901, was reduced from \$115,000, the sum granted the year previous, to \$50,000. Coming unexpectedly as it did, this reduction created a situation of great difficulty for the Board, necessitating the discharge of over forty highly trained employees and seriously crippling the work of the institution in every way. It was not possible either to install or catalogue the incoming collections. The best that could be done was to pack them in a manner to prevent utter ruin, though there still remains the possibility of serious damage. The strictest economy was practiced in every direction, but as the following statement shows, the amount at the disposal of the Board was insufficient for the requirements, even after all possible reductions had been made. To meet current expenses, a considerable sum had to be drawn from the reserve fund. It should be stated that apart from the appropriations received from the City, a revenue was derived, as mentioned heretofore, from business firms for special services rendered by the Bureau of Information. The treasurer, therefore, keeps two accounts, one called the City Account and the other called the General Account. In the City Account are included the annual appropriation and all expenditures used for the maintenance and development of the Museums proper, which, as appears below, were for the past year in excess of the funds allowed by the City. In the General Account are included all receipts from outside sources and all expenditures from these on account of the Bureau of Information or for other purposes not included in the City Account.

Explanation.

In explanation of this surplus, it should be stated that acting under the advice of the Comptroller as well as compelled by the necessities of the case, a sufficient sum is carried over into January to cover the pay-roll and other expenses for that month, since the City appropriation is not available until the last of January and frequently not until late in February, last year the first available funds from the City being at the disposal of the Board of Trustees about the middle of February. Furthermore, as the work of the Bureau requires the payment of contracts in order to secure immediate information and numerous other expenses which must be provided for in the conduct of current business, it is necessary to retain as a business proposition sufficient moneys on hand to cover these early obligations. As appears above for the current year, the surplus carried over was \$17,326.34, practically all of which will be used during the month of January for the purposes stated.

The location is entirely unimproved and there will be no cost incurred by reason of this revision. We, therefore report the ordinance with a favorable recommendation.

Bennett L. Smedley (*Ch'n pro tem.*), Chas. B. Barton, John Klang, Chas. H. Johnson, Rob. McFetridge, J. H. Shaw, George W. Conrad, Geo. B. Edwards, Jos. M. Adams, Saml. K. Stinger, Saml. Crothers, Jas. M. Hazlett, Joseph P. Hughes, Thos. S. Wiltbank, James H. Wilkes.

APPENDIX No. 156.

Philadelphia, February 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of that portion of plan No. 152, bounded by Seventieth street, Greenway avenue and Cobb’s Creek,” beg leave to report that the present system of streets does not allow a proper development of the property. The lines can be rearranged without in any way increasing the liability to the City. We therefore report the ordinance with a favorable recommendation.

Bennett L. Smedley (*Ch’n pro tem.*), Chas. B. Barton, John Klang, Chas. H. Johnson, Rob. McFetridge, J. H. Shaw, George W. Conrad, Geo. B. Edwards, Jos. M. Adams, Saml. K. Stinger, Saml. Crothers, Jas. M. Hazlett, Joseph P. Hughes, Thos. S. Wiltbank, James H. Wilkes.

AN ORDINANCE

To revise the lines and grades of that portion of plan No. 152, bounded by Seventieth street, Greenway avenue and Cobb’s Creek.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of a portion of plan No. 152, bounded by Seventieth street, Greenway avenue and Cobb’s Creek, by striking from the plan Kingsessing avenue, from Seventy-first street (or Ann street), to Seventy-second street; Upland street, from a proposed new street to be called Allman street to Seventy-second street, and Seventy-second street, from said proposed Allman street to Cobb’s Creek, and placing upon the City plan Allman street, fifty (50) feet wide, from Upland street to Seventy-second street; Allman street, thirty (30) feet wide, from

Upland street to Hoy street, and Hoy street, thirty (30) feet wide, from said Allman street to Seventy-first street (or Ann street): *Provided*, That the Abrasive Material Company shall dedicate so much of the property now owned by them in the bed of the proposed Allman street, from Upland street to Seventy-second street, and shall file an agreement satisfactory to the City Solicitor, granting the City of Philadelphia the right to construct a sewer or sewers through their property in the beds of Upland street and Seventy-second street as herein provided to be stricken from the City plan: *And also provided*, That Richard S. Hoy shall dedicate so much of his property situated in the beds of said Hoy and Allman streets. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 157.

Philadelphia, February 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Wissahickon avenue, from Juniata street to Hunting Park avenue," beg leave to report that the object of the proposed change of grade is to provide for additional clearance under the Richmond Branch of the Philadelphia and Reading Railroad, by raising the grade at the said Wissahickon avenue and said railroad one foot. The property between Hunting Park avenue and the Richmond Branch of the Reading Railroad is considerably above the established grade, and will be benefited by the proposed change of grade. The property between the Richmond Branch of the Reading Railroad and Juniata street is all below grade, including the improvements, consisting of terra cotta works on the eastern side thereof, which were built without adhering to the established grade. As the proposed change of grade con-

templates an average elevation of only six inches between the Richmond Branch and Juniata street, the damages would in our opinion be very small. We therefore report the ordinance with a favorable recommendation.

Bennett L. Smedley (*Ch'n pro tem.*), Chas. B. Barton, John Klang, Chas. H. Johnson, Rob. McFetridge, J. H. Shaw, George W. Conrad, Geo. B. Edwards, Jos. M. Adams, Samuel K. Stinger, Samuel Crothers, Jas. H. Hazlett, Jos. P. Hughes, Thos. S. Wiltbank, James H. Wilkes.

AN ORDINANCE

To revise the lines and grades of Wissahickon avenue, between Juniata street and Hunting Park avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Wissahickon avenue, between Juniata street and Hunting Park avenue, in the Thirty-eighth Ward.

APPENDIX No. 158.

Philadelphia, February 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines of Frankford avenue, from Robbins street to Longshore street,” so as to increase the width of Frankford avenue from sixty to seventy feet, report that Frankford avenue is laid down on the City plan seventy feet wide from Frankford to Torresdale, a distance of about seven miles, excepting between Robbins street and Longshore street, a distance of about three-quarters of a mile. It is very desirable that it should be of a uniform width of seventy feet the entire length.

Frankford avenue (formerly Frankford and Bristol turnpike) is an important highway leading to Bristol, with other important cross roads leading into it.

The portion between Robbins street and Longshore street is largely through farm ground, and the cost of the increased width would be comparatively small at such places, as no buildings are taken.

It is difficult to estimate the cost of an immediate opening. The new seventy feet line will require that all new improvements conform to same and the avenue will gradually open itself almost the entire distance without cost. We therefore report the ordinance with a favorable recommendation.

Bennett L. Smedley (*Ch'n pro tem.*), Chas. B. Barton, John Klang, Chas. H. Johnson, Rob. McFetridge, J. H. Shaw, George W. Conrad, Geo. B. Edwards, Jos. M. Adams, Samuel K. Stinger, Samuel Crothers, Jas. H. Hazlett, Jos. P. Hughes, Thos. S. Wiltbank, James H. Wilkes.

AN ORDINANCE

To revise the lines of Frankford avenue, from Robbins street to Longshore street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works, Board of Surveyors, be authorized to revise the lines of Frankford avenue, from Robbins street to Longshore street so as to increase the width of Frankford avenue from sixty to seventy feet wide, and to make the necessary adjustment of grades.

DEAR SIR:—Herewith please find copy of "An Ordinance to construct a sewer on the west side of Belmont avenue, from Conshohocken avenue to City avenue; on City avenue, from Belmont avenue to Overbrook avenue, in the Twenty-fourth and Thirty-fourth Wards."

There is a depression in the grade of City avenue to the northeast of Belmont avenue from which it is impossible to drain the water by any other means.

I have the honor to request that you forward this copy of ordinance to Councils, with the request that early action be taken thereon.

Yours respectfully,

WM. C. HADDOCK,

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the Department of Public Works to pay for cartway and footway paving and curbing in front of certain narrow strips of ground, and for additional work on Willett's road bridge," beg leave to report that the paving of Rittenhouse street was completed to the satisfaction of the Department of Public Works, but the property is not worth the amount of the bill. The bills for paving footways were done in accordance with the annual contract for said work. As the contractor has been unable to collect their cost, and as the work has been done satisfactory to the City, he should be paid for the work done.

The bill in favor of R. P. Bennis was the cost in excess of limit of the contract for doing the work made necessary by

additional work being required than at first contemplated. We therefore report the annexed bill with a favorable recommendation.

APPENDIX No. 185.

Philadelphia, March 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinance to authorize the opening of Tulip, Memphis, Cedar, Chatham, Gaul, Miller, Livingston, Auburn, William, Monmouth, Birch, Commissioner, Cambria, Dyott, Webb, Mercer, Albert and Oakdale streets, and Aramingo avenue, in the Eighteenth, Twenty-fifth and Thirty-first Wards, beg leave to report that nearly all of these streets are actually in use, but have never been formerly declared open. No improved property is taken by the opening. These streets are in the section of the Aramingo sewerage system, and have been authorized by Councils to be brought to grade and paved. As the streets have never been legally opened the assessments for the cost of paving cannot be collected, little or no damage can arise by legally opening the streets, and the City can then collect the cost of paving. In the case of Oakdale street and Aramingo avenue, for which special provision has been made, the owners of property are willing to release the City from damages if they are not assessed for municipal improvements; it is thought that this may be a better and cheaper arrangement for the City. We

therefore report these ordinances with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), C. E. Connell, Thos. Wagner, Jr., E. P. Macken, J. H. B. Amick, Jesse S. Shepard, Wm. H. Funston, Thos. D. Cummings, Peter E. Costello, Watson D. Upperman, B. S. C. Thomas, W. F. Short, Samuel P. Town.

APPENDIX No. 193.

Philadelphia, March 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of territory bounded by Wingo-hocking street, “F” street, Tacony creek and “I” street,” beg leave to report that a general revision is contemplated in this section. The present street arrangement is the old rectangular system of streets which is not practicable in this section of steep hills, creeks and diversified topography. The Philadelphia, Bustleton and Trenton Railroad also has been constructed diagonally across this section. There is authority by ordinance of Councils to revise all the adjoining sections, parts of which have been revised and plans confirmed. It is essential and necessary that this section be revised in conformity therewith. The proposed revision will more nearly conform to the physical conditions. The opening and grading of streets will be less expensive and conduce to the better development of properties. We therefore report the ordinance with a favorable recommendation.

or persons shall be about to erect or repair any house or building within the City of Philadelphia, and shall be desirous to occupy a part of the public street or road for placing building materials thereon, he or they shall make application to the License Clerk, at the Bureau of Highways, stating the number and extent of such building or buildings, for the accommodation of which he may desire so to occupy said street or road, and thereupon the License Clerk shall issue a written or printed permit to occupy such part of any public street or road in the neighborhood for the purpose aforesaid, not exceeding in extent the dimensions of the front of the premises about to be built upon or repaired, and eighty (80) feet in addition thereto.

SECT. 2. Permit for the use of the public highways shall be issued for the placing of new material which is intended to be used in the building only, and such permit shall not be construed to authorize any person to whom it may be granted to pile any old bricks, place any old lumber, old work or materials in said streets or roads, nor to place any planks or gangways across the footways, so as to obstruct the free passage thereof: *Provided, nevertheless*, That the Chief of the Bureau of Highways shall have authority to grant permission for temporarily inclosing the footways where it may be deemed a necessary safeguard whilst tearing down any building.

SECT. 3. Materials placed on the streets under permit issued in accordance with Sections 1 and 2 of this ordinance must not occupy a greater width than eight (8) feet from the curbstone, but in all cases a sufficient passage or cartway shall at all times be left unencumbered between said building materials and the opposite curbstone for the passage of vehicles. No material of any description shall be placed within ten (10) feet of any fire plug, or within four (4) feet of any pump or street crossing stones, or within three (3) feet of any railroad track.

SECT. 4. Permits shall be issued for a period of time not exceeding thirty (30) days: *Provided*, That at any time when a permit shall expire, if it shall appear necessary that a further use of the street is required for the purposes for which said permit was originally granted, the

Chief of the Bureau of Highways may, if he deems it advisable, extend such permit from time to time upon application: *Provided*, No extension shall be for a longer period than thirty (30) days; and upon the issue or extension of every permit the applicant shall pay to the Receiver of Taxes, for the use of the City, the sum of twenty-five (25) cents for each thirty (30) days or fraction thereof.

SECT. 5. The Chief of the Bureau of Highways is hereby authorized to revoke or annul any permit issued under authority of this ordinance for abuse of privileges of the same, or for the benefit of business interests in the vicinity, or to relieve the public from serious inconvenience, or when in his judgment any further use of the public highway is unnecessary; and, in cases where building material has been placed on a street without permit, or kept on the street after permit has expired, or after permit has been revoked, the Chief of the Bureau of Highways shall serve a forty-eight (48) hours notice upon the owner or builder or other parties interested in said material, to remove same, and upon failure to comply with said notice, the Chief of the Bureau of Highways is hereby authorized to employ horses and carts or other vehicles and remove said material from the public highways, and to transmit bill of costs for same to the City Solicitor for collection.

SECT. 6. During the erection or repair of any building in the City of Philadelphia, it shall be the duty of the owner thereof, or of the person having charge of the erection or repair of such building, to cause to be placed a wooden platform, which shall extend along the whole front of such building about to be erected or repaired, which shall project from two and a half ($2\frac{1}{2}$) feet from the wall thereof to the curbstone or line of the foot pavement, and to be at least ten (10) feet in height from the curbstone or line of the foot pavement, and shall be of sufficient strength to intercept the falling of bricks, lumber or other building materials, and if any such owner or person having such charge, as aforesaid, shall violate any of the provisions of this section, he or they shall forfeit and pay the sum of fifty (50) dollars, to be sued for and recovered as penalties for breach of ordinances are by law recoverable.

APPENDIX No. 196.

Philadelphia, March 6, 1902.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

Your Joint Special Committee, appointed to prepare suitable resolutions on the death of Charles Roberts, late member of Common Council, from the Ninth Ward, respectfully report that they have performed the duty assigned to them and respectfully ask the passage of the annexed resolution, to meet in Joint Convention to consider said resolutions.

Alfred Gratz (*Ch'n*). R. R. Bringhurst, Samuel Lamond, Bennett L. Smedley, Edward A. Anderson, G. W. Kucker, Wilson H. Brown, George Hawkes.

RESOLUTION

Relative to the death of Charles Roberts, late a member of Common Council from the Ninth Ward.

WHEREAS, By the dispensation of an allwise Providence Charles Roberts has been removed by death from our midst and from the field of his earthly labor; and

WHEREAS, It is right and proper that a suitable minute of the sad event should be made by the City Councils in testimony of his high character and sterling worth as a member of Councils; therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, While bowing in humble submission to the will of Providence we deeply deplore his death as a great and irreparable loss to the City of an honest, upright citizen, and a conscientious and faithful public official. During his services as a member of Common Council, from April 3, 1882, to April 4, 1884, and from April 5, 1886, to January 23, 1902, he was faithful, constant and untiring in the discharge of his official duties, always ready with his voice and vote to assist in legislation tending to promote the public interest of the City in whose welfare he was most enthusiastically devoted. He was modest, amiable, kind, the very soul of truth and honor, and utterly devoid of any ambition other than that of discharging the full measure of his conscientious duty to the public.

Resolved, That his manly conduct, gentlemanly demeanor, amiable temper, cheerful disposition and unflinching integrity of his public trust endeared him to ourselves and made his loss more keenly and sorrowfully felt.
